

Michigan Association & Nonprofit  
**2010 Compensation &  
 Benefits Survey Report**

Since 1980, MSAE has been Michigan's source for association benchmarking data. In conjunction with an independent entity, MSAE surveys members to gather data on benefits and compensation for chief executive officers and association staff. The result is an easily used report that covers over 80 different positions.

The report provides data specific to not-for-profit organizations in the state of Michigan so you're only buying data you can use.

**Member Prices**
